

# History

## The milestones

**2008** - B. Braun Medical entered into a joint-venture with PEI to supply high quality products for Renal Dialysis Therapy and treatment of haemodialysis patients. The new partnership begun era of B. Braun Avitum.

**2006** - B. Braun Medical and B. Braun Hospicare collaborated to set up B. Braun CAPS, located in Longford. CAPS Ireland joined a network of 26 leading compounding pharmacies operating across the United States and Europe. CAPS is producing adult TPN products for the Irish market. [more](#)

**1993** - The company relocated again to our present facilities at 3 Naas Road Industrial Park. Our new premises consists of 11,000 sq.ft., of warehouse and 12,000 sq. ft. office space.

**1988** - B. Braun started manufacturing the Total Parenteral Nutrition for Irish patients.

**1985** - As the company expanded, the Board decided to move to new premises and handle our own logistics. On the 1st October 1985, we moved to Unit 430 Western Industrial Estate on the western edge of Dublin city.

**1984** - With the acquisition of Laboratoires Bruneau, France, B. Braun Hospicare was established, where production and developing of woundcare products for Group continue.

**1980** - The Board of B. Braun Melsungen decided to set up a 100% owned daughter company, B. Braun Medical Ltd., with its head office located at No. 54 Northumberland Dublin.

**Before 1980** - B. Braun Melsungen had a long association with Irish hospitals through its distributor Antigen.
